Voicemail follows:

Hello, this is Jeremy Free, with Dominion Energy South Carolina. This message is for Jocelyn Boyd. This is the Pipeline Integrity & Compliance Group with Dominion Energy South Carolina, and I'm leaving a message with regards to exceeding 50 customers, interrupting their gas service. This is for the North Myrtle Beach area off of Highway 9, for a gas leak. I've sent that e-mail to Jocelyn Boyd earlier this afternoon, and this is a confirmation phone call that's required if an outage exceeds six hours.

You can call me back at my number, which is [REDACTED] Thank you.
